TEXT:

...phase-in schedule; (3) dissemination to state securities regulators; (4) ownership of software and other intellectual property ; and (5) proposed dissemination pricing and regulation approach.

Each of these issues has been raised...

...at this meeting.

1. 132 Character Workstations

The SEC has been informed by several potential bidders, that it would be necessary to custom-manufacture the workstations specified in the pre-release...

... years and three months. Subject to certain numerical constraints and Commission rulemaking, the schedule offers bidders the opportunity to specify the order in which they prefer be brought into the electronic...

... is sought on the potential impact both of these schedules would have upon a successful bidder . Although the specific dates may change, depending upon the RFP issue date, contract award date...from the contract award date, a sufficient number of states have not entered into an agreement for the state system, the SEC may either relieve the contractor from this obligation or...

...developing the system.

Comment is sought on this proposal.

4. Ownership of Software and Other Intellectual Property

The RFP will provide that: (1) Intellectual property developed with federal funds is owned by the SEC, and (2) intellectual property developed at the contractor's expense is owned by the contractor. Since the federal government...

... cost of constructing and operating the SEC internal system, the extent to which the successful bidder may copyright or otherwise restrict the intellectual property it develops under the operational Edgar contract is significantly restricted from the PSD.

The SEC will, however, retain a non-exclusive, permanent, transferable , royalty-free interest in such contractor-owned property that relates to the receipt and regulated dissemination system for...be reviewed only to assure the prices are not predatory nor anticompetitive.

Offerors, in their bid proposals, will be required to specify the development and annual operating costs to be recovered...

...from the National Committee for Evaluation of Public Companies on the financial conditions of the agreement . Final okay must also be obtained from the government, which is thus able to vet all stages of the agreement .

Sales to date include 22.5% of the equity of Crdit Local de France and... foreign purchases of French firms, French industry is concerned about its vulnerability to hostile takeover bids from abroad, especially from other EC member countries. The highly dispersed share ownership of many...

...of concerted action by groups of shareholders and includes the principle of a trigger for bids . The rules for mandatory bids were tightened in March 1992 to align them with the EC-wide system currently under development by the EC Commission (see Europe Introduction). The new rules require a raider to bid for 100% of a company's shares upon achieving 33% ownership. The takeover regime also...

...target company must inform the company's works council (12.01) as soon as a bid is made. The law also gives a target company the right to undertake a defensive...

...in a subsidiary in which it already has a holding of 75% or more.

Foreign bidders for French companies should also be aware of the increasing role played by the Competition Council in scrutinizing takeover bids (4.01). A bid deemed by the council to be in compliance with competition rules may still face government...Ffr35 million must now be opened to international tenders, with tenders widely publicized to facilitate bidding by companies throughout the Community.

4.02 Monopolies and market dominance as such are not...rights.

In 1990 91, Parliament approved three laws designed to modernize the legislative framework governing intellectual property and trademarks and harmonize it with EC directives. All three came into effect in spring 1992.

Law 510 of June 1990, dealing with intellectual property , is aimed at encouraging companies in France to make more use of patents by harmonizing ...

...and tougher action against counterfeiters. It also gives greater powers to the bodies that protect intellectual - property rights notably the National Institute of Industrial Property (INPI), which is attached to the Ministry...

...member states).

France is also a member of the Madrid Arrangement. Trademarks registered under this agreement may be filed at the International Bureau for the Protection of Industrial Property in Geneva...

...right for which it was granted.

The French party to a licensing or technical-assistance agreement must notify INPI within one month of the signing of a new agreement or the renewal of an existing one. Having notified INPI, the licensee receives a registration...

...if technological necessity can be proved. When tie-in clauses are incorporated in a licensing agreement , it is normal to set royalties at lower rates than would otherwise be the case a move may be forbidden by the licensing agreement , however.)

6.04 Royalty and fee patterns. Royalty rates vary according to usual commercial factors...

...the first time have 12 months from the end of that tax year to reach agreement with the Bank of France on the means for reporting operations.

All loans raised abroad...

...10) have been met. Such transfers are effected at the prevailing exchange rate.

7.03 Transfer of interest is unrestricted, provided that all the supporting documents filed with the authorities are in order...in the ports and bank staff pressing demands for improvements in the sector's collective agreement (which was up for renewal).

Union weakness may be a mixed blessing for companies. Strikes...

...for the private sector. For the two-year period ending October 1993, the government reached agreement with the four main unions concerned regarding a pay deal covering 4.5 million public...less than those with over 2,000.

In July 1991, employers and unions finally reached agreement on updating their 1970 agreement on professional training. The agreement ended an exemption granted to firms with fewer than 10 employees from the requirement to...

...These firms are now compelled to set aside at least 0.15%. In addition, the agreement hikes the minimum contribution applicable to firms employing 10 or more workers from 1.2...

...1.4% as of January 1992 and to 1.5% as of January 1993. The agreement also stipulates that one quarter of training time for courses over 300 hours long must...12% of payroll (and to only 8% for firms that have not signed a pay agreement). A 1987 law makes the profit from a stock option free of tax for an...10%) and who have worked at least two years for the company, a collective nationwide agreement provides for a gradual adjustment to the new salary. Payment of the higher salary in...expert to study management operations.

AN OVERVIEW OF THE LEGAL IMPLICATIONS OF INTERNET TRADING

BACKGROUND
The law relating to electronic commerce is challenging in its scope in that ...

...a description of activity. This activity can occur in "open systems" such as on the Internet through e-mail and world wide web and in more "closed" systems such as those offered by EDI service providers such as...

...a departure from normal practice, this recommendation has annexed to it a model EDI Interchange Agreement. This recommendation followed the TEDIS programme which involved a survey on legal aspects of EDI...

...of this survey.

The EDI Association in the UK also has a model form interchange agreement (the third revision being in October, 1994) as do other significant economies in the world...

...with EDI

We could address at length network or VAN agreements, interchange agreements, the whole intellectual property aspects of EDI, the legislation relating to the sale of goods and the supply of...formed on each occasion is to have provisions to this effect included in the Interchange Agreement. Unlike the position in the USA and elsewhere, this is not the approach taken in the European Model EDI Interchange Agreement or the UK EDI Association model terms and is perhaps unfortunate.

Formal Requirements

In legal...

...before the courts will enforce them. These include contracts or documents for the sale or transfer of any interest in land, guarantees, hire purchase contracts, bills of sale and certain documents relating to company...earnest by the buyer to bind the contract, the provisions of a well drafted Interchange Agreement could go a long way towards removing those doubts.

The European Model, for example, provides...

...contest the validity of a contract effected by use of EDI pursuant to the Interchange Agreement merely on the grounds that it was effected by EDI.

Useful Reform

The only way...

...storage of EDI messages might also help considerable.

It is worth mentioning that the Interchange Agreement can be of assistance in this respect. For example, the European Model Interchange Agreement contains, in Article 4, a specific provision to the effect that to the extent permitted...

...dispute, the records of EDI messages which they have each maintained (as required by the Agreement) shall be admissible as evidence before the Courts and shall constitute evidence of the facts...

...the contrary is adduced.

INTERCHANGE AGREEMENTS

We have already mentioned the purpose of the Interchange Agreement. The UK/European approach is to limit the Interchange Agreement to the mode of exchange of electronic data and not to focus on regulating the...
...the position in the US is different.

There are now two forms of model interchange agreement available as has already been discussed: the European Model Agreement and the EDI-UK Association Model Agreement. These are only sample agreements. Their terms are entirely optional and it is important to...

...they will not apply automatically, even where two EDI users neglect to formalise an Interchange Agreement between them.

General Issues

Broadly, the concerns of any users of an EDI trading arrangement...

...to establish is enforceable. Many of these issues may also be addressed in the VAN Agreement.

However, each party would enter a separate VAN Agreement with the network provider ...of a seminar in its own right, some matters are worth mentioning.

Procedures

The Interchange Agreement offers the opportunity to formally set out identification controls and methods of verifying and authenticating...

...manual or technical annex which is incorporated in one form or another into the Interchange Agreement.

The European Model Agreement provides that in the event of disputes, no party is entitled to raise a question...

...validity of an EDI contract merely because it was effected through EDI. Equally, that Model Agreement provides that the parties each agree that computer generated records will be admissible in court.

Customer and Supplier Relationship

An Interchange Agreement affords the opportunity to address the contractual trading arrangements that may be established pursuant to...

...go this far but it is always open to the parties to use the Interchange Agreement to that end.

Risk

The Interchange Agreement affords the opportunity for the parties to expressly agree which of them carries risk for...

...data and sets out a procedure for dealing with corrupted messages.

Furthermore, the European Model Agreement provides that each party will be liable for the acts and failures of any intermediary...

...quality control requirements and continued lack of transparency in the
trading system. Lax enforcement of intellectual property laws,
restricted
access for foreign services, and an inadequate system for dispute
resolution
are other...

...personal relationships
between their Chinese agents or distributors and the buyers and end-users.

A

web of strong personal relationships will help ensure smooth development of business in China.

American companies ...However, it is widely acknowledged in business circles, both Chinese and foreign, that the OECD agreement has had little influence over the flow of soft loans to profit-making projects. Accordingly...period is now the convention. Many enterprises are offshore entities, due to greater ease in transferring interest through holding companies, and ability to avoid MOFTEC approval.

Various other concessions have been experimented...

...stream provided by the road's users to repay the debt incurred for construction. The agreement is effective for a specified number of years, after which the road must be returned...
